Profile Summary

A dynamic Computer Engineer in Python, Networking, Database, System Programming & looking for challenging career opportunities in the field of (Software Programming/Software Testing/Network Analysis/ Software Admin).

Education

Bachelor of Engineering: Artificial Intelligence And Data Science

Expected Graduation: 2027

SB Patil Collage of Engineering pune

Diploma: Computer Engineering

Year of Passing: 2024

Vidya Pratishthan Polytechnic College baramati

Percentage: 78.60%

10th SSC

Year of Passing: 2021

VPP baramati

Percentage: 77.00%

Industrial Training

Data Analysis

Excellent Software Services: 2023

6 Weeks

Projects

1. Self Driving Car (IOT)

Developed a self-driving car project using Arduino, sensors, and a camera for autonomous navigation. Designed an educational tool to make self-driving technology accessible and inspire innovation.

2. Photo editor website: 7 Month

In this project, we create a photo editor website containing basic editing tools like crop, resize, rotate, and AI-based tools like background removal, object removal, imageenhancement, and more.
